

## The Fresno Metro Black Chamber of Commerce presents the 2023 Economic Awareness, Diversity and Prosperity Conference

Friday, July 14, 2023, at the DoubleTree by Hilton located at 2233 Ventura St, Fresno, CA 93721

The Fresno Metro Black Chamber of Commerce is hosting an Economic Awareness, Diversity and Prosperity Conference to provide information to curb the failure of minority businesses.

In the past, lack of financial literacy, access to capital, and poor business planning for long-term success have played a role in these failures. The purpose of this conference is to provide a learning experience through our speakers, workshops, and peer-to-peer engagement that will give our participants a new level of ambition and valuable tools they can use immediately! Understanding and witnessing the power of diversity and inclusion for all at this conference will be a new injection of hope and excitement to take their business to a new level and will create the energy to set new goals, use new strategies, and make better business decisions. Most importantly, the education and training that will be given to show how an entrepreneur's uniqueness is the key to their success.

We are committed to serving the Small Businesses and Entrepreneurs of the Central Valley to ensure their success and continued growth.

FMBCC would like to ask you to support this event as a **Table Sponsor**. In exchange for your investment, we offer the following benefits:

**Onsite:** Name recognition and thank you for your support from the podium during the event.

Corporate logo inclusion in the event program and banner.

Eight luncheon tickets (Table)

**All of the above benefits are available in exchange for sponsorship support of \$1200.**
